ODOMETER READING	
ODOMETER READING (no tenths)	Federal and state law requires that you state the mileage in connection with the transfer of ownership. Failure to complete the statement or providing a false statement may result in fines and/or imprisonment.
To the best of my knowledge the odometer reading is the actual mileage of the vehicle unless one of the following statements is checked:	
<input type="checkbox"/> The mileage stated is in excess of its mechanical limits.	<input type="checkbox"/> The model year is at least 10 years or older than the current calendar year and was exempt from odometer disclosure in the prior state of title. (Applicant must present the out-of-state title showing the exemption).
<input type="checkbox"/> The odometer reading is not the actual mileage.
